**Subject Line: Production Manager**

**OPERATIONS DEPARTMENT**

**Company: Lesira Manufacturing (Pty) Ltd**

**Job summary:**

The incumbent will be responsible for overseeing the production process within the company and to ensure the smooth running of all production lines and the quality of output. Plan workers' schedules, estimate costs and prepare budgets to ensure workflow meets required deadlines. Working together with supervisors and top management, to ensure that products are manufactured to a certain quality standard and adheres to other safety/industry-related regulations.

**Role:**

- Planning and organizing production schedules and workflows.
- Coordinating and supervising production staff, including setting goals and evaluating performance.
- Ensuring production meets quality and safety standards.
- Managing inventory and supplies.
- Implementing efficient production methods and processes.
- Troubleshooting production issues and finding solutions.
- Collaborating with other departments, such as sales and engineering.
- Monitoring and controlling production costs.
- Ensuring compliance with regulations and industry standards.
- Continuously improving production processes and procedures.

**Skills/Qualifications:**

- Bachelor's degree in operations management or industrial/mechanical engineering.
- 10+ years' experience in production or manufacturing operations.
- 5+ years' experience in a management position.
- Experience in a unionized environment will be an added advantage.
- Strong leadership and management skills.
- Excellent communication and problem-solving skills.
- Ability to analyze data and make informed decisions.
- Knowledge of production planning and control techniques.
- Familiarity with industry-specific software and technologies.
- Strong attention to detail and commitment to quality.

Please note: Correspondence will only be conducted with short listed candidates. Should you not hear from us within 2 weeks, please consider your application unsuccessful. The successful candidate must be available immediately.
